

# SG CHESS CLUB @ P. S. 94Q

Chess is increasingly becoming the game of choice for educational facilities across the world. If you want your kids to get away from all the electronic devices at home, studies have shown that chess improves children's concentration and logical thinking which help with reading and math skills as well as decision making, sportsmanship and emotional intelligence.

Coach Elvin Baghir-Pour is an International Chess Master of the World Chess Federation with score of 2300. Elvin has been teaching chess for more than 10 years. He is the Chess Champion of the Summer World Cup and Contemporaneously is the possessor of the Presidential Chess Cup, Additionally there are three international and four national champions among his students. Classes feature instruction, tournament play and team matches. Players new to chess are taught the rules, notation, and basic strategies. Medium players develop a repertory of game strategies for the opening, middle game and endgame.
