

Parents!

What's the Scoop!?

January 2021

Happy New Year PS 94 School Community!

I would like to take this opportunity to wish all our school families a happy and healthy new year. I hope your holiday was relaxing and filled with memories to cherish with family and friends.

As we begin the second half of the school year, it is important to remind our students about our school expectations. All students must be in school at 8:30AM or attending remotely from home. Attendance is crucial for continuation of learning and promotion to the next grade. Remote learners must attend all classes daily, you cannot pick and choose subjects. Breakfast to Go & lunch is free and available to all students, in-person and remote. All students are expected to attend school, be prepared for class and complete homework, regardless of where and how you attend school.

January is also when we conduct our next set of assessments in reading, writing and math. The assessments are used to help us monitor student's progress towards meeting the mid and end of the year benchmarks. Students will also take the next i-Ready online assessment during this month.

If your child attends in-person learning we'd like to thank for having the health check ready on your phone; this allows us to speed up the arrival process. Please continue to check your child's temperature at home daily before coming to school.

During these winter months of cold, flu season and Covid virus, we ask everyone to be extra vigilant about wearing their mask, washing hands often and staying home when not feeling well.

Thank you in advance for helping all of us stay safe and healthy.

Kind regards,

Laura Avakians and Staff
