School Mission Statement

Our mission at P.S. 94 is to foster collaboration among parents, students and staff and to enrich the learning experience of each child through high expectations, academic rigor and a "thinking" curriculum.

In an atmosphere rich with cultural diversity, we provide a differentiated program of instruction that sets the highest standards for all our children while celebrating individuality and encouraging creativity. We are preparing them to meet the academic and technological challenges of both the present and future.

Our community endeavors to be lifelong learners, socially responsible citizens and unique individuals interested in and concerned about the world in which we live in.
