

## ULTIMATE ENRICHMENT AFTER SCHOOL

We are excited to announce that PS 94 and Ultimate Enrichment will be forming a relationship and UE will be the in house after school program at PS 94 starting in September 2019. We are very excited to work with the students, parents, administration, and the PS 94 community.

Ultimate Enrichment is a multi-functional after school program, developed by two NYC Physical Education Teachers. We have been in operating for the past 15 years, and have built positive relationships and programs with over 14 schools located in both the Riverdale and East Bronx areas.

The Ultimate Enrichment after school program will consist of sports specific instruction and skill training, performing and visual arts, as well as homework assistance and academic enrichment. Our organization is committed to providing a safe and nurturing environment that meets the needs of our students and families during after school hours. Our program takes place within a child-centred environment and a structure that is both relaxing and stimulating. After an academically challenging day at school, our program offers plenty of time for friends, fun, and relaxation in a stimulating environment designed to help the children learn and grow.

The sports curriculum will emphasize skill training and instruction in eight different sports throughout the school year, as well as a culminating field day activity. This will be a great opportunity for children to be introduced to a variety of sports while keeping fit and healthy.

Our performing arts program will include thematic monthly lessons, which will allow students to create and design arts and crafts at least 2 days a week. For the first three months of the program, students will also take part in dance twice a week, which will then be followed by theater, and perform a play to culminate the end of the school year. They also have cooking class two times a month as well.

The homework help portion of the day, will give the student the opportunity to receive help from their coach's and take the time needed to complete their homework before they go home. Students will also receive reading twice a week. Ultimate Enrichment will also have educational games on days that they do not have homework.

The Ultimate Enrichment After School program will run Monday through Friday from dismissal – 5:50p.m. during all school days for only \$270 per month. Please come and meet us and gather information on June 19th from 5:00pm – 6:00pm.
